

CARL KELLY

CV

ABOUT ME

I am a highly motivated individual, passionate about industry issues and trends, particularly in regards to accessibility, usability, and emerging technologies. I have a thorough understanding of the entire web development process, including design and deployment, as well as a comprehensive backend knowledge. I'm constantly striving to combine the art of design with the art of programming and can comfortably bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works.

WORK HISTORY

I am a highly motivated individual, passionate about industry issues and trends, particularly in regards to accessibility, usability, and emerging technologies. I have a thorough understanding of the entire web development process, including design and deployment, as well as a comprehensive backend knowledge. I'm constantly striving to combine the art of design with the art of programming and can comfortably bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks as well as how it works.
